

ARIGELA TEJASRI SAI SANTHOSH

+91-7416245379 | atsssanthosh@gmail.com | LinkedIn | GitHub | LeetCode | RHCSA

PROFILE SUMMARY

Aspiring **Backend & AI Engineer** with expertise in Java, Linux, Data Structures & Algorithms, and REST APIs. **RHCSA**-certified, solved **1000+ coding problems**, and built award-winning AI applications in computer vision and intelligent automation.

PROJECTS

GridCam AI-Powered Smart Photography Assistant | [GitHub](#) 2026

- Developed an AI-powered Android camera application using Java, CameraX, and TensorFlow Lite for real-time scene composition.
- Implemented Rule of Thirds, Golden Spiral, Leading Lines, and Symmetry overlays using on-device machine learning.

Chams – AI Budgeting Application | [GitHub](#) 2025

- Built a full-stack AI budgeting platform with expense tracking, budget planning, and overspending alerts.
- Integrated secure authentication and interactive dashboards for efficient financial management.

GeoLoanLens – AI Loan Verification Platform | [GitHub](#) 2025

- Developed an AI-powered loan verification platform for the Ministry of Social Justice & Empowerment.
- Implemented geo-tagged evidence collection and automated workflows to improve verification accuracy and transparency.

EXPERIENCE

Google DCGC HackSprint 2K25 2025
Event Coordinator Aditya University

- Coordinated hackathon operations, participant coordination, and technical event execution.
- Collaborated with organizing teams for smooth submission handling and participant support.

National Service Scheme (NSS) 2024 – Present
NSS Unit Coordinator Aditya University

- Led and coordinated NSS activities, community service programs, and student engagement initiatives.
- Managed event planning, volunteer coordination, and teamwork activities at the college level.

EDUCATION

Aditya University 2024 – Present
B.Tech in Computer Science Engineering (AI & ML) **CGPA: 8.71** Surampalem, India

SKILLS

Programming Languages: Java, Python, C, JavaScript
Backend Technologies: Spring Boot, REST APIs
Frontend Technologies: HTML, CSS, React.js
Machine Learning: TensorFlow Lite, OpenCV, NumPy, Pandas, Matplotlib, Scikit-learn
Databases: MySQL, MongoDB
Operating Systems: Linux (RHCSA), Windows
Developer Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA
Core Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

ACHIEVEMENTS

- Smart India Hackathon 2025 National Grand Finalist** Selected among the top teams nationwide for developing an AI-powered innovative solution.
- GridCam 3rd Prize Winner** Secured 3rd place among 160+ teams for developing an AI-powered smart photography assistant.
- Red Hat Certified System Administrator (RHCSA)** Demonstrated proficiency in Linux system administration and enterprise Linux environments.
- Competitive Programming** Solved 1000+ coding problems across LeetCode, GeeksforGeeks, HackerRank, and CodeChef, demonstrating strong problem-solving and algorithmic skills.
